## County Wide Fee Policy and Fee Schedules

<b>Objective</b>	Local governments have broad authority to implement various user fees that reasonably cover the costs of operations. This document is intended to publish the list of fees established by Otter Tail County. A fee is a voluntarily incurred governmental charge in exchange for a benefit conferred on the payer and is intended to reasonably approximate the payer's fair share of the costs incurred by the government in providing the benefit.
<b>Policy Statement</b>	On an annual basis, Otter Tail County will review, update, approve and publish a list of fees established by each Division and Department that comprises Otter Tail County.
<b>Scope</b>	In the State of Minnesota, there exists six major source of state and local government revenue used to fund delivery of publicly funded services: · property taxes, individual income taxes, general sales taxes, federal aid, charges and fees, and other non-tax revenue. <sup>1</sup> For calendar year 2015, it is projected that Minnesota's local units of government (not including school districts) will assess up to \$1.8 billion in special assessments, licenses, permits and service charges representing 10-15% of overall revenues to fund annual budgets.
<b>Statutory References</b>	Minnesota Statutes that refer to local government fees include, but are not limited to, the following: MS115A.929 (Waste Management); MS245A (Human Services Licensing); MS245C.10 (Human Services Background Studies); MS326B.153 (Building Permit Fees); MS357 (Fees); MS390.15 (Coroner, Medical Examiner); MS393.12 (Fees for Social Services); MS462 (Planning, Zoning); MS629.65 (Sheriff Fees)

<sup>1</sup> For information on the "Price of Government", see: <http://www.mn.gov/mmb/images/may13pog.pdf>  
Adopted by the County Board on August 18, 2015
