

**AMENDED
COUNTY DITCH NO. 16
DITCH VIEWERS REPORT**

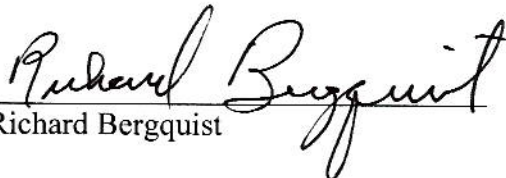

On April 2, 2009 there was a hearing held on County Ditch No. 16. We viewed the 39 Parcels that were given to us by the Auditor as directed by the Ditch Authority. We identified four Parcels that were not included in our first report that do benefit from County Ditch No. 16. The error on our part was due to three parcels which are a part of a Common Interest Community. The fourth parcel is three acres that was considered a separate parcel and we viewed it as belonging to another parcel. The four Parcels are listed below.

| 4. | Lloyd & Phyllis Julius, Et Al | 10000990588001 |

We also made some changes in percentages on five lake lots. The five lake lots are listed below.

We determined that the other 30 parcels were correctly viewed and made no changes.
