## Your Chance for Medicare Updates

There will be changes to the Prescription Drug program plans and also to the Health Plans (Medicare Advantage Plans).

Lyle Hoxtell, Otter Tail County Public Health Coordinator on Aging, will be traveling with the Public Health Flu Clinics. He will be available to briefly talk with you and set up a time for further discussion.

If you want a recommended Drug Plan comparison for 2010, please bring along your Medicare Card, a list of all your prescription drugs, including name of drug, dosage and how many taken per month. Lyle will complete a comparison and then discuss any recommended changes after the new Drug Plan information is available after October 15<sup>th</sup>.
